## REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Chandler Creek Elementary prides itself on maintaining an emphasis on academics in a safe, nurturing environment. This year our school served approximately 850 students. We continue to work as a professional development site for the International Baccalaureate Primary Years Programme. Our teaching staff participates in sustained professional development in Learning Focused, Balanced Literacy, and Inquiry-Based Instruction.

Our priority for strengthening our organizational capacity for effectiveness is the continuation of the implementation of PYP as an overarching umbrella so that all programs are integrated and all students are able to learn and succeed. The curriculum framework for international primary education, coupled with South Carolina Standards and District initiatives are the blueprints that guide our planning and instructional delivery. The teachers are the project managers who model, guide, coach, and inspire. We set our goals high and establish strong academic foundations for all learners. Our interventions are monitored and adjusted to be sure we measure academic growth through common assessments to determine planning and instructional practices.

Chandler Creek's positive learning environment provides all students with the opportunity to stretch and set goals for reaching their potential, to be active participants, and motivated while becoming responsible learners. All stakeholders at Chandler Creek make a commitment to all children so they know and feel success.

This past year, Chandler Creek was the recipient of a \$2,500.00 Alliance for Quality Education Grant for Parent Involvement. The emphasis placed on relationships with parents and their children, rigor and relevance, and student responsibility have resulted in improved student achievement in all ethnic groups. Our goal for the upcoming year is to continue improving student achievement and meet all the needs of our students, whether they are academic, social, or emotional.
